

# 551-L

## Specification

|                        |                        |
|------------------------|------------------------|
| Dimensions             | 2120 x 2120 x 910mm    |
| Power Requirement      | 13/20 Amp              |
| Seating Configuration  | 1 Lounger 4 Seats      |
| HSG282 Compliant       | No                     |
| Insulation             | All Sides and Base R10 |
| Shell                  | Acrylic                |
| Lockable Thermal Cover | Included               |

## Performance

|                    |                           |
|--------------------|---------------------------|
| Heater Pack        | Balboa 2kW                |
| Control System     | Balboa TP500S             |
| Filtration         | 1x High efficiency Filter |
| Ozonator           | 1x 50mg                   |
| Air Control Valves | 3                         |
| Jet Pumps          | 1x 3hp                    |
| Circulation Pump   | 1x 0.35hp                 |
| Total Jets         | 28 x Chrome and Grey      |

## Entertainment

|                     |                       |
|---------------------|-----------------------|
| Big Underwater LED  | Yes (Colour changing) |
| LED Waterline Light | Yes (Colour Changing) |
| Corner Panel Lights | Yes                   |
| Cup/Glass Holders   | 2                     |
| Fountains           | No                    |
| Waterfall           | 490mm Blade Waterfall |
| WiFi                | Optional              |
| Bluetooth Audio     | Yes                   |

## Acrylic Colour Options

Our multi-award-winning R10 and R10Plus insulation sets new industry standards for energy efficiency and performance. Featuring advanced insulation materials and innovative design, our R10 hot tub insulation ensures maximum heat retention and minimal heat loss, providing an unparalleled spa experience while reducing energy costs.
